Guidelines for Submitting Artwork to the 10x10 Exhibition

- All mediums and genres are encouraged.
- Artists can submit up to 3 artworks measuring exactly 10 inches x 10 inches for 2D artwork (including frame). All 3D artwork must be able to fit within a 10 inch x 10 inch x 10 inch cube. Due to space limitations, there are no exceptions. Artwork will be measured at artwork delivery.
- All artwork must be gallery ready and able to safely and easily hang on the wall. Hanging wire on the back of the frame is preferred. Saratoga Arts provides basic hanging hardware (nails and screws). If your piece requires special hardware, it must be provided by the artist.
- We encourage artists to price their work at a retail value of \$100. All works must be for sale. Saratoga Arts receives a 35% commission on all gallery sales.
- No works previously exhibited in the Arts Center Gallery are allowed.
- All artworks must be original. Reproductions are not accepted.
- Printmaking and Photography are permitted; prints must be in limited editions of 25 or less.
- Due to the large number of artwork in the exhibition, Saratoga Arts cannot hang work together. All artwork is hung randomly. Artists are not able to request a location for artwork to hang. Artwork cannot be moved once it has been hung.

See reverse side for artwork labels, registration, delivery of artwork & close of show guidelines.
