In addition to our Supporters, Saratoga Arts thanks Mark Schaming, Executive Director of the NYS Museum; Mark Baker, President of The Saratoga Springs City Center, Members of the Sculpture Siting Committee and The City of Saratoga Springs for their continued support for this project. We extend a special thanks to the artists John Van Alstine and Noah Savett.

Tempered By Memory

The idea for this unique project began in the spring of 2010 when the Saratoga Springs Naval Support Unit presented Saratoga Arts with the opportunity to acquire World Trade Center Steel from the Port Authority of New York and New Jersey. Out of initial conversations came a shared vision: to create a forward-looking, commemorative work of contemporary art for downtown Saratoga Springs. Saratoga Arts commissioned artists John Van Alstine and Noah Savett to create *Tempered By Memory*, the memorial sculpture made from World Trade Center Steel. *Tempered By Memory* will be donated to the City of Saratoga Springs in a dedication ceremony upon completion of the installation in High Rock Park.

This project has come to fruition solely on the basis of privately donated material, equipment, labor and cash, and is administered by Saratoga Arts.

Tempered By Memory Supporters

**Construction & Installation Team**
($50,000+)

- Mike Stewart, Turner Construction
- Dave Santos, D.A Collins
- Bill Morris, WJ Morris Excavating
- Martin Mullins, John M. Mullins
- Rigging and Hauling, Inc.
